

CENTAUR Update: Online registration is still open for the 2nd Workshop!

CENTAUR 2nd Workshop

25 February 2026, Brussels
9:00 - 17:00 CET

Online registration is open

The CENTAUR 2nd Workshop is just around the corner!

On **25 February**, the project will convene in Brussels for a full-day **hybrid event** marking a key milestone, the culmination of three years of research and development activities at the intersection of Earth Observation, AI, crisis management, and climate security.

In online mode, the workshop will last **from 09:30 to 17:00 CET**. It will bring together experts and decision-makers from European institutions, research organisations, and industry to assess CENTAUR's results and their significance for the future evolution of the [Copernicus Emergency Management Service \(CEMS\)](#) and the [Copernicus Security Service in Support of EU External and Security Actions \(SESA\)](#).

Online registration is still open at this link:

<https://events.teams.microsoft.com/event/dfdde1dc-e3da-4f03-...>

Workshop Agenda:

- **09:30 – 09:45** | Opening Remarks – HaDEA
- **09:45 – 10:00** | Keynote Address – DG DEFIS
- **10:00 – 10:15** | Keynote Address – DG JRC
- **10:15 – 11:45** | Panel – Operationalising EO & AI for Early Warning
- **11:45 – 12:00** | Coffee Break
- **12:00 – 12:30** | CENTAUR Overview
- **12:30 – 14:00** | Lunch Break
- **14:00 – 16:00** | Use Cases Overview and Hands-On Platform Demo
- **16:00 – 17:00** | Networking Opportunity

Participation is aimed at professionals working in EO, AI, climate security, civil protection, and emergency and humanitarian response.
